Ms. Moore commended the Department of Public Works for a job well done this winter.

Mr. Taiani inquired as to the status of the Borough's salt supply. Ms. Marcinko stated that ½ of an order, about 275 tons was received this week. On Tuesday, the storage was nearly full. The Borough purchases its salt through a cooperative purchasing agreement with the South Hills Area Council of Governments. Estimated quantities are submitted in the fall and the Borough is required to purchase 80% of its estimate and may exceed the estimate by 25%, without penalty. At 140%, the cost increases significantly. The Borough has planned well and is in a good position by comparison to other communities.

Ms. Moore questioned whether additional salt storage will be constructed. Ms. Marcinko advised that this project is budgeted for 2014. Mr. Clark has the information and will be contacting the vendor for pricing.

President McCarthy-Johnson questioned whether new chairs will be purchased for Council. Ms. Marcinko stated that she has been looking at alternatives.

Ms. Macklin commented that UPMC is challenging equal opportunity regulations in court. She distributed a letter to Council which was drafted to issue to the UPMC Board of Directors, requesting that the challenge be withdrawn as it dismantles protections for millions of workers across the country, particularly women and people of color, who have fought long and hard for equal protection in the workplace. Many Wilkesburg residents are employed by UPMC. Ms.

Macklin requested that Council review the letter and consider adopting a resolution at the next meeting, in support of the position.

Ms. Grannemann inquired about a large sink hole at Whitney Avenue and Lamar Avenue. Ms. Marcinko will have DPW investigate.

Ms. Macklin questioned whether there was any information available regarding a possible water main break at the corner of Rebecca Avenue and Kelly Avenue.

ADJOURNMENT

Being no further business, on motion by Ms. Moore, second by Mr. Lefebvre, the meeting was adjourned at approximately 6:56 P.M.
